

Energy Sense *Together We Can...*

Customized Energy Incentive Programs

Tailored to meet the specific needs of eligible commercial, industrial, and agricultural members, these customized incentive programs make it possible to receive incentives on energy-efficient equipment. Conserving energy benefits all Barron Electric members and the entire system, while improving the quality of our environment.

Energy Audit

This program provides a free energy audit for a business or farm with a limit of one every five years. Barron Electric partners with Dairyland Power Cooperative to conduct an energy audit and provides a summary of results and recommendations for energy-efficient improvements. Energy audits are scheduled based upon availability and audit results may take four to six weeks to be completed.

Incentive Program for Purchases

The following rebates are available for eligible members. Additional custom rebates may also be available. Call the Member Services Department for more information.

Lighting Rebates

Compact Fluorescent Light (CFL) Bulbs	\$1/Bulb
Energy Star® CFL Fixtures-hardwired.....	\$5/Unit
High-Wattage CFL Bulbs(>60 watts)	\$5/Bulb
Cold Cathode CFLs.....	\$2/Bulb
LED Holiday limit 12	\$2/Unit (Strings of 25 or decor items with 25 lamps)
LED Lamp - 5 watts.....	\$2/Bulb
LED Exit Sign.....	\$5/Sign
LED Outdoor Lighting (at least 30 watts)	\$15/Fixture
Occupancy Sensors	\$5 Each
Ceramic Metal Halide Fixtures, Retrofit Only.....	\$15/Fixture
Metal Halide (pulse start/ballasts, retrofit only).....	\$15/Fixture
High-Pressure Sodium Fixture, Retrofit Only	\$15/Fixture
T-8 Fixtures, Retrofit Only.....	\$5/Lamp/Fixture
T-5 Fixtures	\$7.50/Lamp/Fixture

Cooling Equipment Rebates

Large Commercial Air Conditioning Units (11+EER) \$40/Ton
Need AHRI Certificate

*conserve energy and improve
the quality of our environment*

Important Notice: Before proceeding with any efficiency improvement projects, contact the Member Services Department at Barron Electric for eligibility, fund availability, and required documentation.

Agricultural and Commercial Rebates

Plate Cooler/Well Water Pre-Cooler	\$500 Each
Dairy Refrigeration Heat Recovery used with controlled electric water heater.....	\$300 per unit
Low/Zero-Energy Livestock Waterers(<500 watts).....	\$50 Each
Scroll Refrigeration Compressors.....	\$30/HP
Variable Speed/Frequency Drive Motor	\$30/HP/\$500 Max Drive
Variable Speed Compressed Air Motor.....	\$30/HP/\$500 Max Drive
Exhaust Fans* (Rate 21 CFM/watt+)	\$1/Inch
Circulation Fan* 20 lbs of thrust/kW or more	\$1/Inch
High Velocity Low Speed (HVLS) Fan	\$1/Inch

*Fans must be AMCA or University of Illinois Urbana-Champaign-BESS Lab Rated

Terms and Conditions

- Members must meet eligibility requirements.
- Applications must be received no later than 12/14/2012.
- Incentives are capped at 20% of the equipment cost, not to exceed \$10,000 per account per year.
- Products must be purchased in 2012 and submitted prior to 12-14-2012. Proof of Purchase required.
- Invoices must include model number.
- Audit requests are accepted on a first-come, first-serve basis.
- Central air rebates require participation in the Load Management Program.
- The Cooperative reserves the right to accept or deny any application or request.
- Rebates/incentives are limited to available funds and may be discontinued before the end of the year at the sole discretion of the Cooperative.
- Barron Electric does not guarantee any energy or cost savings.
- Barron Electric reserves the right to randomly conduct inspections of equipment purchased.
- Please allow eight to ten weeks to process the rebate/incentive application.
- Program expires 12-14-2012.

Forms

Forms are available at the Barron office and at www.barronelectric.com. Questions can also be answered by emailing: jbeaudette@barronelectric.com.

Customized Energy Incentive Form

Name _____ Map Location _____
 Address _____ City _____ State _____ Zip _____
 Electric Account # _____ E-mail _____
 Daytime Phone # _____ Cell # _____ Date Installed _____

Customized Energy Incentives Energy Audit *(limit 1 every 5 years)*

Scheduled date _____ Recommendations provided on _____

Energy Efficient Equipment

The following new equipment has been installed. Please check all that apply:

- Dairy Plate Cooler / Well Water Pre-Cooler x \$500/unit = \$ _____
- High Efficiency Livestock Waterers (< or = 500 watts) x \$50 per waterer = \$ _____
- Dairy Heat Recovery- with controlled electric water heater Gallons: _____ x 1\$/Gallon = \$ _____
- Scroll Refrigeration Compressor HP: _____ x \$30 per HP = \$ _____
- Variable Frequency Drives HP: _____ x \$30 per HP = \$ _____ (max \$500/drive)
- Variable Speed Compressed Air HP: _____ x \$30 per HP = \$ _____ (max \$500/drive)
- High Velocity Low Speed Fan Inches: _____ x \$1 per inch diameter = \$ _____
- Ventilation (Exhaust) Fan-21 CFM/Watt or more. Inches: _____ x \$1 per inch diameter = \$ _____
- Circulation Fan- 20 lbs. of thrust/kW or more Inches: _____ x \$1 per inch diameter = \$ _____

Cooling Equipment

- Commercial Air Conditioning Units (11+ EER & AHRI Certificate) \$40 per ton _____

Total Equipment Rebate Amount Requested: _____ *Invoices must include model numbers.*

Lighting Rebates

- ▶ Submit rebate form and a copy of your invoice or receipt.
- ▶ Rebate not to exceed cost of lamp/bulb or unit.

The following new lamps, ballasts and/or LEDs have been installed. Please check all that apply:

- LED Holiday Lights - (limit 12 per account) _____ x \$2/ string or décor item = _____
 (Strings of 25 or decor items with 25 lamps)
- Occupancy Sensors x \$5/switch = _____ Number of Fixtures controlled: _____

For lighting below, indicate technology (incandescent, CFL, metal halide) and wattage of lamp you are replacing.

Lamp Being Replaced

- | | | |
|--|------------------|-------------|
| <input type="checkbox"/> CFL x \$1/lamp = _____ | Technology _____ | Watts _____ |
| <input type="checkbox"/> 60 Watt CFLs or greater x \$5/lamp = _____ | Technology _____ | Watts _____ |
| <input type="checkbox"/> Hard-Wired ENERGY STAR CFL Fixture. x \$5/fixture = _____ | Technology _____ | Watts _____ |
| <input type="checkbox"/> Cold Cathode CFL x \$2/lamp = _____ | Technology _____ | Watts _____ |
| <input type="checkbox"/> T8 Fixtures-Retrofit only x \$5/lamp/fixture = _____ | Technology _____ | Watts _____ |
| <input type="checkbox"/> T5 Fixtures x \$7.50/lamp/fixture = _____ | Technology _____ | Watts _____ |
| <input type="checkbox"/> LED Lamp - 5 watts x \$2/bulb or fixture = _____ | Technology _____ | Watts _____ |
| <input type="checkbox"/> Security Lighting- LED Technology. x \$15/fixture = _____ | Technology _____ | Watts _____ |
| <input type="checkbox"/> Ceramic Metal Halide - Replacement only. x \$15/fixture = _____ | Technology _____ | Watts _____ |
| <input type="checkbox"/> Pulse Start Metal Halide - Replacement only. x \$15/fixture = _____ | Technology _____ | Watts _____ |
| <input type="checkbox"/> HPS Fixture - Replacement only x \$15/fixture = _____ | Technology _____ | Watts _____ |
