

Energy Sense Together We Can...

Customized Energy Incentive Programs

Tailored to meet the specific needs of eligible commercial, industrial, and agricultural members, these customized incentive programs make it possible to receive incentives on energy-efficient equipment. Conserving energy benefits all Barron Electric members and the entire system, while improving the quality of our environment.

Energy Audit

(Limit 1 per account/ 30,000 kWh annually)

This program provides an energy audit for a business or farm. Members will be reimbursed 25% of the audit cost, typically \$200. Up to \$250 incentive for implementing recommendations is also available. Barron Electric partners with GEN~SYS Energy to conduct an energy audit and provides a summary of results and recommendations for energy-efficient improvements. GEN~SYS Energy is a wholesale electric power marketing and service organization which offers a full-range of power supply options and energy management services to member cooperatives in the Dairyland Power Cooperative system, including Barron Electric. Energy audits are scheduled based upon availability and audit results may take four to six weeks to be completed.

Incentive Program for Purchases

The following rebates are available for eligible members. Additional custom rebates may also be available. Call the Member Services Department for more information.

Lighting Rebates

Compact Fluorescent Light (CFL) Bulbs	\$1/Bulb
Energy Star® CFL Fixtures-hardwired	\$5/Unit
High-Wattage CFL Bulbs(>60 watts)	\$5/Bulb
Cold Cathode CFLs	\$2/Bulb
LED Holiday (strings or decor)	\$2/Unit
LED Lamp	\$2/Bulb
LED Exit Sign	\$5/Sign
LED Outdoor Lighting	\$15/Fixture
Occupancy Sensors	\$5 Each
Ceramic Metal Halide Fixtures, Retrofit Only	\$15/Fixture
Metal Halide (pulse start/ballasts, retrofit only)	\$15/Fixture
High-Pressure Sodium Fixture, Retrofit Only	\$15/Fixture
T-8 Fixtures, Retrofit Only	\$5/Lamp/Fixture
T-5 Fixtures	\$7.50/Lamp/Fixture

Cooling Equipment Rebates

Large Commercial Air Conditioning Units (11+EER) \$40/Ton

*Fans must be AMCA or University of Illinois Urbana-Champaign-BESS Lab Rated

*conserve energy and improve
the quality of our environment*

Forms

Forms are available at the Barron office and at www.barronelectric.com. Questions can also be answered by emailing: jbeaudette@barronelectric.com.

Important Notice: Before proceeding with any efficiency improvement projects, contact the Member Services Department at Barron Electric for eligibility, fund availability, and required documentation.

Terms and Conditions

- Members must meet eligibility requirements.
- Applications must be received no later than 12/15/2010.
- Incentives are capped at 20% of the equipment cost, not to exceed \$10,000 per account per year.
- Products must be purchased in 2010 and submitted prior to 12-15-2010. Proof of Purchase required.
- Audit requests are accepted on a first-come, first-serve basis.
- Central air rebates require participation in the Load Management Program.
- The Cooperative reserves the right to accept or deny any application or request.
- Rebates/incentives are limited to available funds and may be discontinued before the end of the year at the sole discretion of the Cooperative.
- Barron Electric does not guarantee any energy or cost savings.
- Barron Electric reserves the right to randomly conduct inspections of equipment purchased.
- Program expires 12-15-2010.

Agricultural and Commercial Rebates

Plate Cooler/Well Water Pre-Cooler	\$500 Each
Dairy Refrigeration Heat Recovery	\$1/Gallon
Low/Zero-Energy Livestock Waterers(<500 watts)	\$50 Each
Scroll Refrigeration Compressors	\$30/HP
Variable Speed/Frequency Drive Motor .	\$30/HP/\$500 Max Drive
Variable Speed Compressed Air Motor ...	\$30/HP/\$500 Max Drive
Exhaust Fans* (Rate 21 CFM/watt+)	\$1/Inch
Circulation Fans* (Rate 20 CFM/Watt+)	\$1/Inch
High Velocity Low Speed (HVLS) Fan	\$1/Inch
