

NEW SERVICE PROCESS

Paperwork:

- Membership application – social security number required for *credit check*. A deposit may be required before service is energized
- Easement – requires *all property owners* to have their signatures notarized, need legal description and PIN number from land record
- Release/Affidavit – Only one owner's signature required

On-site Appointment Requirements: (the following must be completed before appointment is scheduled)

- Hole dug for concrete foundation
- Meter site determined
- Septic system site determined
- All paperwork completed (please bring enclosed **paperwork COMPLETED IN FULL**, to scheduled appointment)
*A trench must be furnished by landowner to underground services requested after November 1st due to frost conditions

Costs:

- Improved lot (has both well and septic, OR foundation, in place) is \$400 plus \$4.00/ft
- Unimproved lot (vacant land) is \$600 plus \$6.00/ft
*The cost is the same whether an overhead or underground service is selected
- Additionally, a fee of \$400 per crossing will be charged if a project involves crossing a paved road or driveway

New Service Installation: (the following **MUST BE COMPLETED** before your service can be scheduled for installation. If these items are incomplete, delays will result in having the electric installed.)

- Paperwork signed, completed, and returned**
- All fees paid – installation fees and deposit, if required**
- Meter socket ready (bypass optional) / Must remain accessible to Coop employees at all times**
- Disconnect, if required by code**
- Necessary conduit**
- Ground rods and ground wire**
- Basement must be backfilled within 3 inches of final grade**
- Be sure cable route is clear of all obstructions**
- Refer to enclosed "Rate Schedule" for service charges, which begin when meter is set and energized. Note: Rates subject to change.**

Once you can check all of the above boxes, you will be ready for service. Please let Barron Electric know when you have this checklist complete. If you have questions, please feel free to call or write. Our toll free number is 1-800-322-1008. We look forward to working with you during this process.

And to construct, operate, repair, maintain, relocate and replace thereon, and under the surface thereof, and upon or under all streets, roads, or highways, on or abutting said lands, a line for the transmission and distribution of electric energy, including without limitation all appropriate cable, wire, transformers, handholes, manholes, concrete pads, duct, conduit ground connections, attachments, equipment, accessories and appurtenances necessary and appropriate for the transmission and distribution of energy, either above or beneath the ground.

Ownership Of Property. All facilities erected or installed shall remain the property of the Grantee. This shall include, but not be limited to, poles, wires, manholes, conduits, cables, connection boxes, transformers, transformer enclosures, ducts, ground connections, attachments, equipment, accessories and appurtenances necessary and appropriate for the transmission of energy either above or below the ground. Grantee shall have the right to remove all such property, at its option, upon termination of service.

Inspection, Removals, Alterations. Grantee has the right to inspect, rebuild, remove, repair, improve and make changes, alterations, substitutions and additions in and to its facilities as it may from time to time deem advisable, including the right to increase or decrease the number of conduits, wires, cables, and so forth, and to change from an overhead to an underground system or vice-versa.

Tree Trimming And Brush Removal. The Grantee shall at all times have the right to cut, trim and control the growth by chemical means, mechanical means or otherwise, of trees and shrubbery located within said right of way or that may interfere with or threaten to endanger the operation and maintenance of said line or system, including any control of the growth of other vegetation within the right-of-way, which may incidentally and necessarily result from the means of control employed.

Use Of Right Of Way. Grantor, his/her successors and assigns, may use the land within the easement for any purpose not inconsistent with the rights hereby granted provided such use does not interfere with or endanger the construction, operation or maintenance of Grantee's facilities. Grantor agrees to keep said easement clear of buildings, structures or other obstructions. All trees and limbs cut shall remain the property of the Grantor.

Right Of Ingress and Egress. The Grantee has the right of ingress to and egress from said easement, and the right and privilege of using such land abutting on said easement as may be necessary for the purpose of placing thereon materials excavated from said line of easement and for the purpose of bringing upon said line of construction such machinery, conduit, conductor and other equipment as may be necessary.

Joint Use. Grantee shall have the right to license, permit or otherwise agree to the joint use or occupancy of the lines, system or, if any of the said system is placed underground, of the trench and related underground facilities, by any other person, association or corporation.

Binding Agreement. This agreement is binding upon the parties hereto, their heirs, personal representatives, successors and assigns.

Grantor's Warranty. Grantor covenants and warrants that Grantor is lawfully seized and possessed of all the property described above and has good right and lawful authority to convey this easement for the purpose herein expressed, and there are no liens or encumbrances except as follows:

Easement Width. Except as otherwise stated, the right-of-way shall be 10 feet wide for lines placed underground and 40 feet wide for lines located above ground.
