Barron Electric Cooperative

Board of Directors Approved New Rate Schedule

Barron Electric Cooperative's Board of Directors approved a new rate schedule, effective May 1, 2018. Dairyland Power Cooperative, Barron Electric's wholesale power supplier, implemented a summer rate in 2012. Barron Electric's wholesale power costs are 11% higher in the summer months. Members will now see a summer energy charge of \$0.1057 per kilowatt hour for

June, July, August, and September. The summer rate more accurately reflects the wholesale power costs. The October - May charge will remain at the current rate of \$0.0957 per kilowatt hour. The fixed charge was increased to \$34.50 per month. The fixed charge is designed to cover each member's share of the cost of maintenance for wires, transformers, meters, right-of-way clearing and other expenses on the

distribution system. The average member will see approximately a 4% increase annually on their electric bill.

Ways to Save Energy

- Switch to LED bulbs, which use 75% less energy than standard bulbs and last longer. View our lighting rebate program at barronelectric.com.

(See Rates: page 4)

Saving Rural Electric Cooperative Members' Money

Governor Scott Walker signed Assembly Bill (AB) 583 into law, which will enhance safety in Wisconsin. AB583 strengthens safety initiatives while protecting our members as not-for-profit entities. The law ensures materials and labor provided by electric and telecommunications cooperatives during a Restoration of Power in an Emergency (ROPE) event are exempt from sales and use tax. Dairyland coordinates the ROPE program, in which Wisconsin electric cooperatives provide each other mutual aid during severe weather events to shorten storm recovery times. Dallas Sloan, Barron Electric's General Manager, testified on behalf of Assembly Bill 583, indicating that the cooperative paid nearly \$7,000 in sales and use tax for outside crews who assisted with power restoration after the May 16 tornado.

General Manager Dallas Sloan thanked Governor Walker for signing a reform proposal that eliminates the double taxation on Wisconsin's sales and use tax on services and materials furnished in mutual assistance between electric cooperatives, as well as telecommunications cooperatives.

Dairyland Power Increases Their Solar Production

Dairyland Power Cooperative, Barron Electric's wholesale power supplier, has finalized agreements for three additional utility-scale solar generation projects, bringing the total number under contract to 18. This will increase the total solar generation to 25 MW in the Dairyland cooperative system. Once the three new facilities are online, the 18 sites will together produce enough renewable energy to power nearly 4,000 homes.

Robert Bitney Wins the Megawatt Community Service Award

Congratulations to Robert Bitney for his outstanding community service. He is currently President of the Chetek Lion's Club, which has over 70 members. Robert started the Great Beginnings Pumpkin Program, which provides pumpkins to elementary school students in the Chetek school district. The Lion's Club also provides vision screening

for over 1,000 students, which helps identify possible vision problems. The club also helped with the relief efforts after the May 16 tornado.

Additionally, he helps with merit badge seminars for Dallas Boy Scout Troop 102. Robert is working towards becoming an Assistant Scoutmaster to help lead successful boy scout troops. He also teaches hunter safety courses for the DNR.

Win a \$50 Electric Bill Credit

Nominate a member for the Megawatt Community Service Award. Each winner will receive a \$50 electric bill credit. Application forms can be found at barronelectric.com in the community area or by contacting the Member Services Department at 800-322-1008.

Kathy Robertson, Energy Management Specialist, presented member Robert Bitney with the Megawatt Community Service Award.

Students received a pumpkin to carve as part of the Chetek Lion's Club Great Beginnings Pumpkin Program.

Congratulations Scholarship Winners

Barron Electric awarded twelve \$1,000 scholarships to the seniors pictured below. Since the scholarship program began, the cooperative has awarded nearly \$300,000 to 346 students. Funds for this program are derived from unclaimed capital credits.

Barron Electric is an equal
opportunity provider.

Develop Leadership Skills at Youth Congress and Win a Trip to D.C.

Barron Electric will sponsor students to the annual Wisconsin Electric Cooperative Association Youth Leadership Congress. The Congress will be held July 25-27 at the UW-River Falls campus. Students have the opportunity to develop their leadership skills while learning about the purpose, operation, and scope of cooperative businesses. They will hear from highly acclaimed motivational speakers who understand teens.

Win a Trip to the Washington D.C. Youth Tour

Two students, who attend the Youth Congress, will have the opportunity to win a trip to the Washington D.C. Youth Tour in 2019 by completing an essay. Contact the Member Services Department at 800-322-1008 for an application form.

Darien Tracyk, far right, was sponsored by Barron Electric to last year's conference. He was elected to the 2017-18 Youth Board that helped plan this year's Youth Leadership Congress. (Photo submitted)
