# Save Money with Energy Sense Programs

## Save \$30 Annually with the Central Air Program

Sign up for the load management program for central air conditioners and receive a **\*\$10 monthly credit during the months of June, July, and August.** Appointments will be scheduled on a first-come, first-served basis. A load management device will be installed on the central air conditioning unit free of charge. The air conditioner will be cycled, 15 minutes on and 15 minutes off, during peak times.

*\*Prorated first year. Conditions apply.*
