ELIGIBILITY CRITERIA & REQUIRED INFORMATION:

Eligibility:

A \$500 rebate is available to members who: purchase an electric vehicle charger, participate in the EV load management program, and meet the requirements listed below.

It is the member's responsibility to hire an electrician for the installation of the electric vehicle charger, as well as to cover any associated costs.

Electric Vehicle Charger Requirements:

- ☐ Equipment must be installed on cooperative's lines and may be inspected periodically.
- ☐ Members must participate in the load management program which interrupts charging from 2 p.m. – 9 p.m., daily. This strategy is not interrupted on weekends or holidays, except during a full load control.
- ☐ Members must schedule an appointment with Barron Electric to install a radio receiver before receiving the rebate.
- ☐ The Rebate cannot exceed the cost of the electric car charger (excludes installation cost) and a receipt must be provided.
- ☐ Tesla NEMA plug/adaptor does not qualify

Business Members:

- ☐ Business members who want to install a charging station should contact the office to see if they are eligible.

Required Materials:

- A Proof of vehicle purchase by member
- Copy of charger specification information
- Copy of vehicle registration
- Copy of Receipt

Incentives are in place through December 11, 2026. Funds are limited so submit required documentation as soon as possible.
